WORK EXPERIENCE

IT Developer

March 2018 - Today

Ministry of the Interior • Dakar, Senegal

From March 2018 to the present, I was transferred to the File Automation Directorate (DAF) at the Ministry of the Interior in the applications development division. My mission is to work in the production of national identity cards and in the development of software for the Ministry of the Interior, the prefectures and sub-prefectures of Senegal.

Computer scientist

Jan. 2017 - Feb. 2018

Ministry of the Interior • Louga, Senegal

In January 2017, I was recruited at the Ministry of the Interior and assigned to the governance of Louga in the division of encryption of incoming and outgoing messages. I was also responsible for managing network interconnections at the governance level.

Network Engineer

March 2015 - Dec. 2015

Hôpital De Fann • Dakar, Sénégal

At FANN hospital, I was responsible for managing the pan-African telemedicine network for remote patient interventions and tele-expertise. This network was the result of cooperation between India and more than 32 African countries.

Teller

August 2012 - Nov. 2012

Banque Crédit Mutuelle • Dakar, Senegal

At Crédit Mutuel, I was responsible for managing the cash register for a 2-month internship

Field Agent Jan. 2012 - July 2012

janv. 2012 - juil. 2012

Sonatel • Dakar, Sénégal

At Sonatel as a field agent I received 3000f/product sold. The products sold were modems, switches, internet liveboxes.

Accountant

August 2007 - July 2011

Banque Crédit du Sénégal • Dakar, Senegal

I was responsible for operating the isba accounting software.

TRAINING

Master 2 in computer networking and information system management Jan. 2013 - August 2015

ISI (higher institute of computer science) • Dakar, Senegal

This training focused on interconnections, routing, network administration and IT security.

Bachelor's degree in management IT Jan. 2007 - Jan. 2009

UCAO (Catholic University of West Africa) • Dakar, Senegal

I had a degree in management IT which is access training on networks, databases and applications in close relation with management and public finances.

Baccalaureate Series G Quantitative Techniques in Economics and Management.

Janv. 2003 - janv. 2006

Saint-Michel College • Dakar, Senegal

I had my baccalaureate at Saint-Michel College, which is a private Catholic school
